26. **Read the passage below and answer the questions that follow.**

FOOD

Food is something good to eat or drink. We can get food from the market, farms or shops. The main source of food is a farm. Some food like fish is got from water bodies. Some insects and animals are also eaten as food.

We eat foods like cassava, potatoes and maize to get energy. Body building foods like fish, beans and meat are eaten to help people grow well. Fruits and vegetables are eaten to protect us from diseases. A meal with all food values is called a Balanced Diet.

What is the heading of this passage?

What is food?

Mention any two sources of food mentioned in the passage.

(i) _____ (ii) _____

Which food is got from water bodies?
