20. Write one use of a house to people.

21. Give one good eating habit.

22. How do people care for their plants in the garden?

(i) _____

(ii) _____

23. Why do we eat food?

(i) _____

(ii) _____

24. Give two correct ways of controlling diseases.

(i) _____

(ii) _____

25. Name these things we make at home and at school.

26. Name any two elements of weather.

(i) _____

(ii) _____

27. Name two skin diseases.

(i) _____

(ii) _____

28. Name the domestic animal that guards our home.

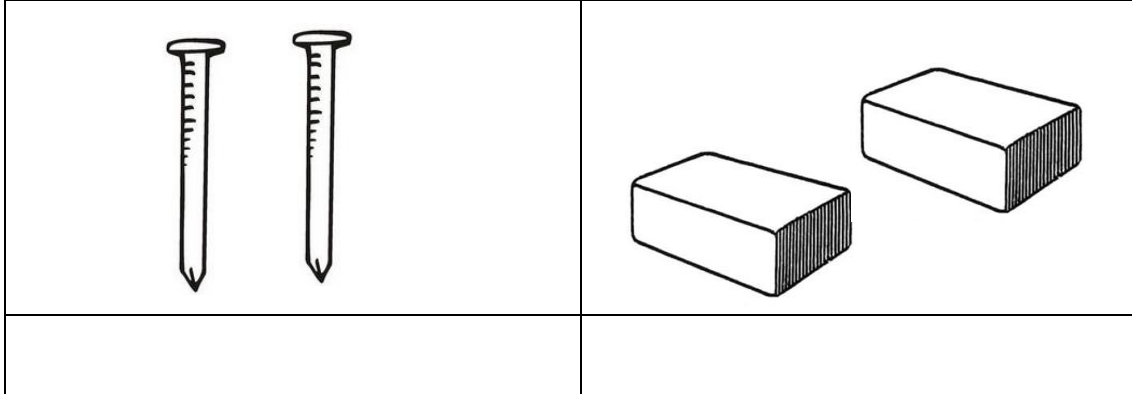

29. Give the sounds made by these animals.

(i) Dogs _____

(ii) Cow _____

30. Write one danger of floods to people.

31. Identify the following building materials.

32. Give any two uses of wind to people.

(i) _____

(ii) _____

33. Write two things plants need to grow well.

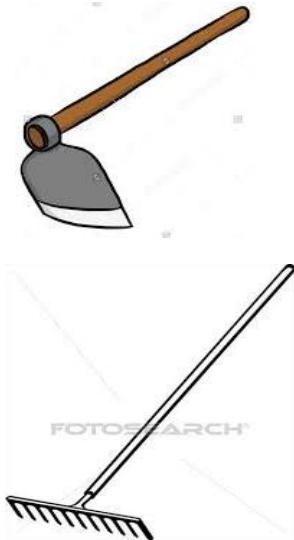

(a) _____

(b) _____

34. Complete the table correctly.

<u>Animal</u>	<u>Young one</u>
fish	_____
_____	kitten
lion	_____

35. How are the following garden tools useful to farmers?

36. (a) Name one type of family in our communities.

(b) Write two things a family needs.

(i) _____

(ii) _____

37. How are dusters useful in our classrooms?

38. (a) Name one thing we do that damages our environment.

(b) Name any one thing that we can do to make our environment safe and good.

39. Match the following correctly.

Humps ahead

Zebra crossing

School ahead

Danger ahead

(a) _____

(b) _____

(c) _____

(d) _____

40. (a) Name two things made from banana fibres.

(i) _____

(ii) _____

(b) Write one source of clay.

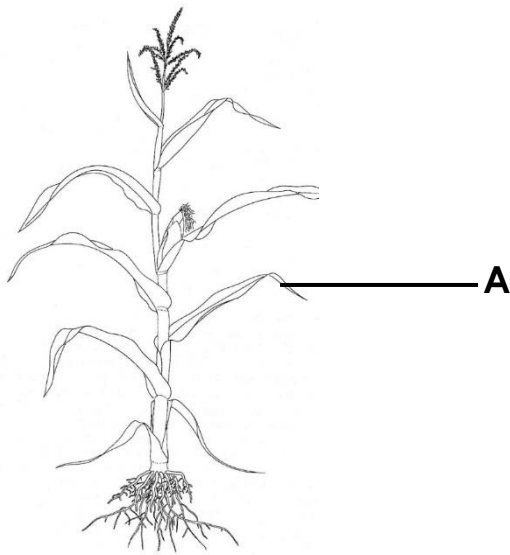

41. Name two things used in a bathroom at home.

(i) _____

(ii) _____

(b) How can we keep the bathroom clean?

The diagram below shows a plant.

42. (a) Name the plant.

(b) Name the part labeled A.

A _____

PAPER 2

SECTION A - (40 MARKS)

1. Name any one product got from bees.

2. Write any one way of taking care of your body.

3. How useful is the item below to people?

4. Give any one use of water to people.

5. Identify any one way of preventing fractures at school.

6. Draw and name any one fruit.

7. How is the sun useful to people?

8. Why do we keep goats at home?

9. What is soil erosion?

10. Write any one material used to make the item below.

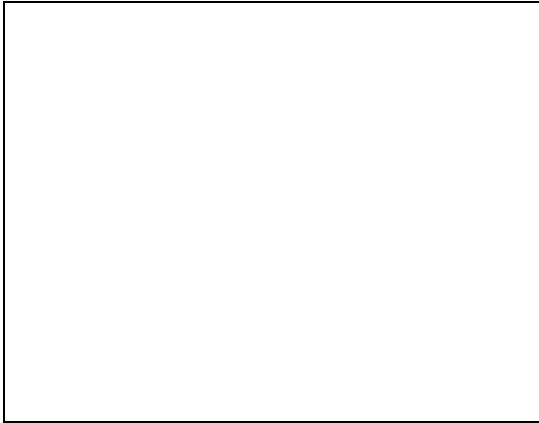

11. Why does a rat move from one place to another?

12. How can a P.2 pupil manage rainy weather?

13. Give any one immunisable disease.

14. What does a cow use to protect itself?

15. Draw and name any one item used to clean the school compound.

16. Why is a tree grouped under living things?

17. Name any one item used when eating food.

18. Write any one disease spread by a housefly.

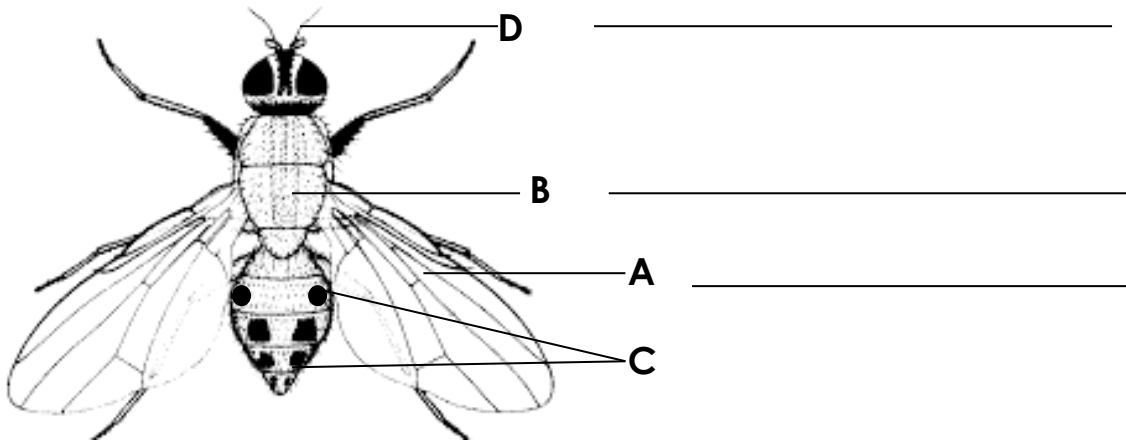

19. How can you protect yourself from malaria?

20. Draw the part of a plant that makes food.

SECTION B: 60 MARKS

21. a) Identify the parts of an insect marked A , B and D on the diagram below.

- b) Give the use of part C to an insect.

22. Use the words below to fill in the gaps.

dysentery sanitation brushes sweeping

_____ is the general cleanliness of a place. We keep places clean by mopping , slashing , picking rubbish , removing cobwebs and _____. we clean places using brooms , rakes , mops , rags , water and _____. we keep places clean to prevent diseases like cholera , _____ and diarrhea.

b) Give any one product got from cows without killing them.

c) Write two items made from hides and skins.

(i) _____

ii) _____

24. Draw these items used to give first aid.

razor blade	plaster	pair of scissors

b) Why do people give first aid?

c) Give one example of an accident at home.

25. Match the garden tools to their functions.

- | | |
|-----------------|----------------------------|
| a) Hoe | - cutting small trees |
| b) Wheel barrow | - carrying harvested crops |
| c) Panga | - watering crops |
| d) Watering can | - digging |

a)Hoe

b)Wheel barrow

c)Panga

d)Watering can

26. The diagram below show a tool at home.

a)Name part A and B.

A _____ B _____

b)Give the use of the tool above at home.

27. a) Why do people eat food?

b) Identify two sources of food.

(i) _____

(ii) _____

c) Write one way of keeping food safe.

28. Which part of your body is used for

(a) Walking _____

(b) Writing _____

(c) Talking _____

(d) Smelling _____

29. Draw and name any three items used in the kitchen.

30. Name the young ones of these animals.

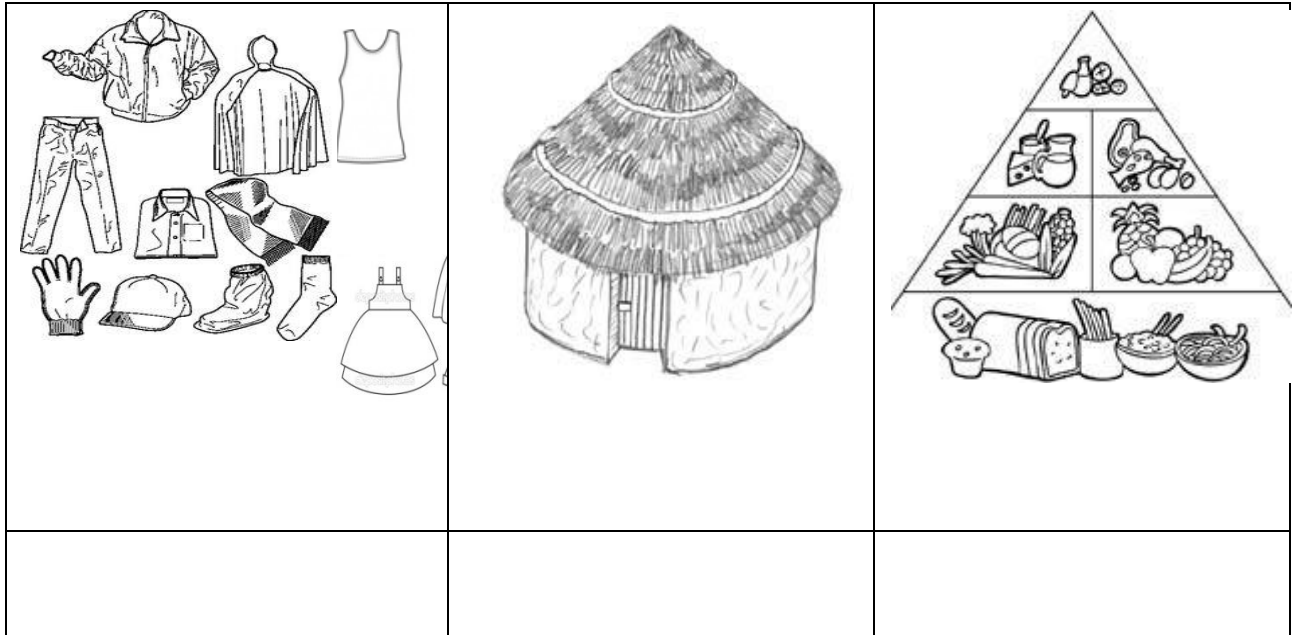

a) Lion _____

b) Cow _____

c) Cat _____

d) Goat _____

31. Name these basic needs of people

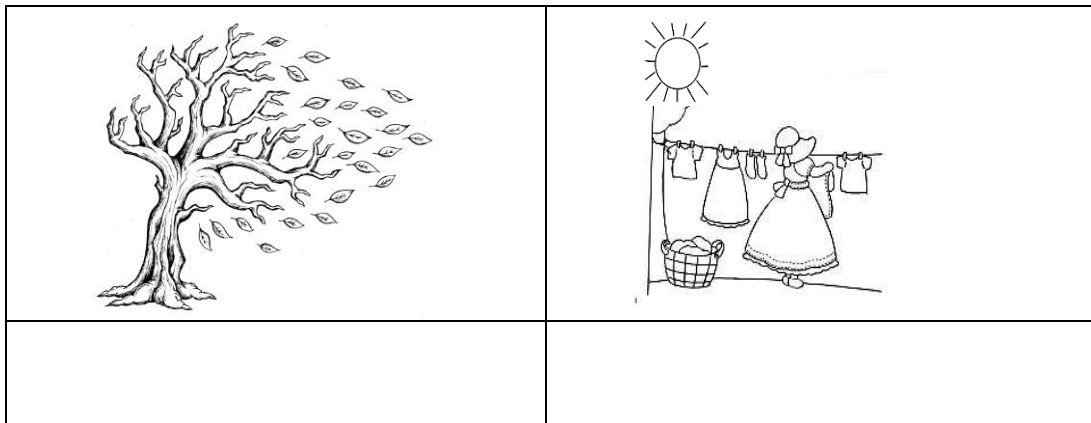

32. Name any two materials used to clean toilets.

(i) _____

(ii) _____

33. Name the types of weather below.

34. a) How can you care for plants in the school compound?

b) Write any two plants that give us fruits.

(i) _____

(ii) _____

35. Draw and name any one play material made from banana fibre.

36. a) Write down one activity you can do to keep your body clean.

b) Give any two common diseases you know.

(i) _____

(ii) _____

37. Name any two materials people use to build a house.

(i) _____

(ii) _____

38. a) Draw and name any one item used to collect rainwater at home.

b) Give any one use of water to people.

39.

a) What is he doing in the picture above?

b) How do we call a man who sells fish?

40. Draw and name any one food got from a hen.

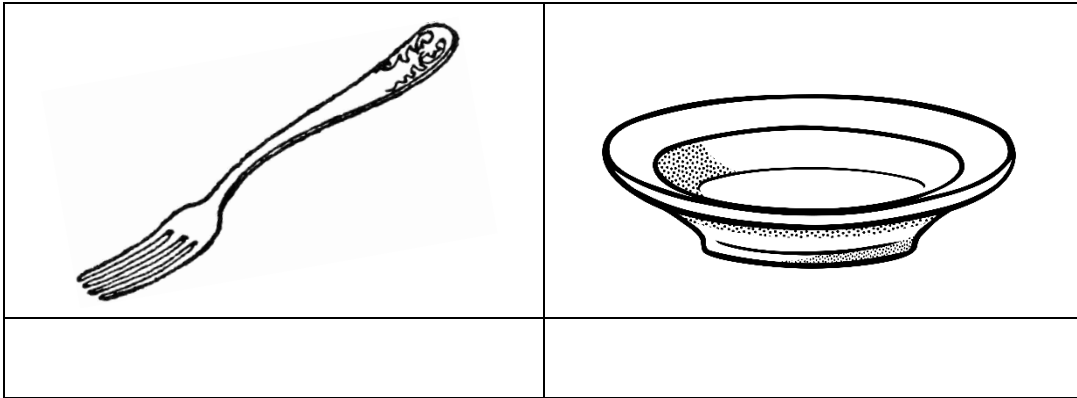

PAPER 3

SECTION A: (40 MARKS)

1. Name one domestic animal.

2. How is the sun useful to people?

3. **Name these items used in the kitchen.**

4. Give any one use of hens at home.

5. Why do we wash our hands with soap?

6. Write any two common accidents at school.

(i) _____

(ii) _____

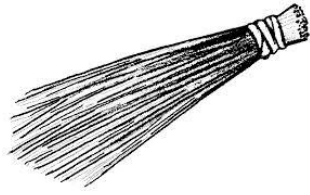

7. Give any two activities that can damage our environment.

(i) _____

(ii) _____

8. What is the use of legs to animals?

9. Give the use of this item at home.

10. Give one example of a living thing.

11. Write one way of keeping our shoes clean.

12. Name one dangerous thing at home.

13. Give any three uses of water to people.

(i) _____

(ii) _____

(iii) _____

14. Give one use of birds.

15. Draw the following items used in cleaning our body.

tooth brush	comb

16. Why do people keep cats at home?

17. Name two things we use to keep clean.

(i) _____

(ii) _____

18. Name the human body part used for seeing.

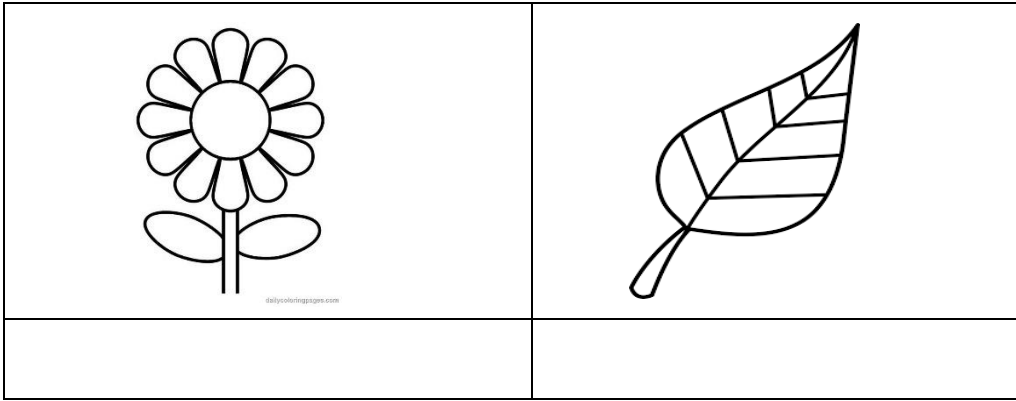

19. Give one place where wild animals live.

20. Name one disease spread by these vectors.

(a) housefly _____

(b) mosquito _____

21. Name these parts of a plant.

22. How do you care for your school uniform?

23. Why do animals move from one place to another?

(i) _____

(ii) _____

24. Name two things used when washing clothes.

(i) _____

(ii) _____

25. Draw these items used to tell time.

clock	sun

26. Name two places at home that should be kept clean.

(i) _____

(ii) _____

27. Which body part do you use for hearing?

SECTION B

28. Where do the following animals live?

(i) Ants _____

(ii) Birds _____

29. Match the animals to their weapons correctly.

Animal

weapon

Dog

horns

Cow

changes colour

Chameleon

teeth

Animal

weapon

(a) Dog

(b) Cow

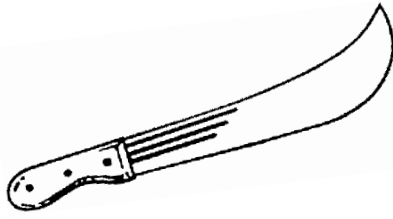

(c) Chameleon

30. Write two members of an extended family.

(i) _____

(ii) _____

31. Name these garden tools.

32. Write the part of the plant eaten from these crops.

(a) Cassava _____

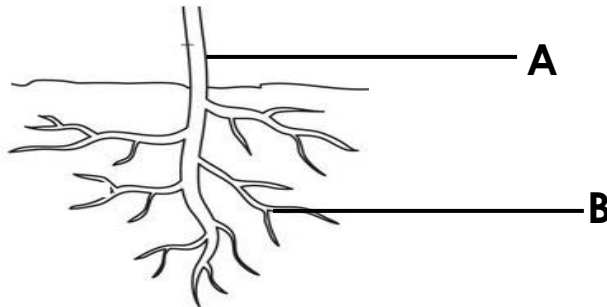

(b) Mango _____

33. Give two ways of preserving food.

(i) _____

(ii) _____

34. Name the parts of a plant marked A and B.

A _____

B _____

35. Give one product got from the following animals.

(a) cow _____

(b) hen _____

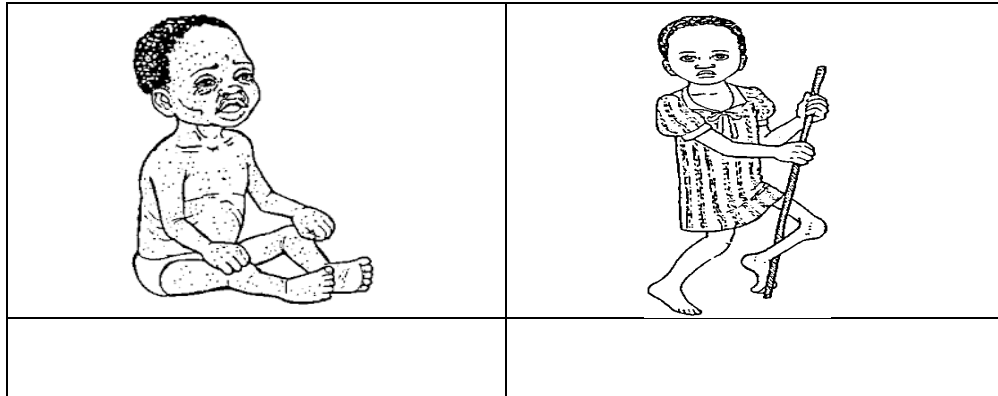

36. Write two things made out of clay.

(i) _____

(ii) _____

37. How are plants important to people?

38. (a) Identify the immunisable diseases shown below.

(b) Give one example of a disease with no cure.

39. Why do we water crops during a dry season?

40. Name the activity in the pictures below.

cooking

digging , cooking , milking , pounding

41. (a) Name two insects.

(i) _____

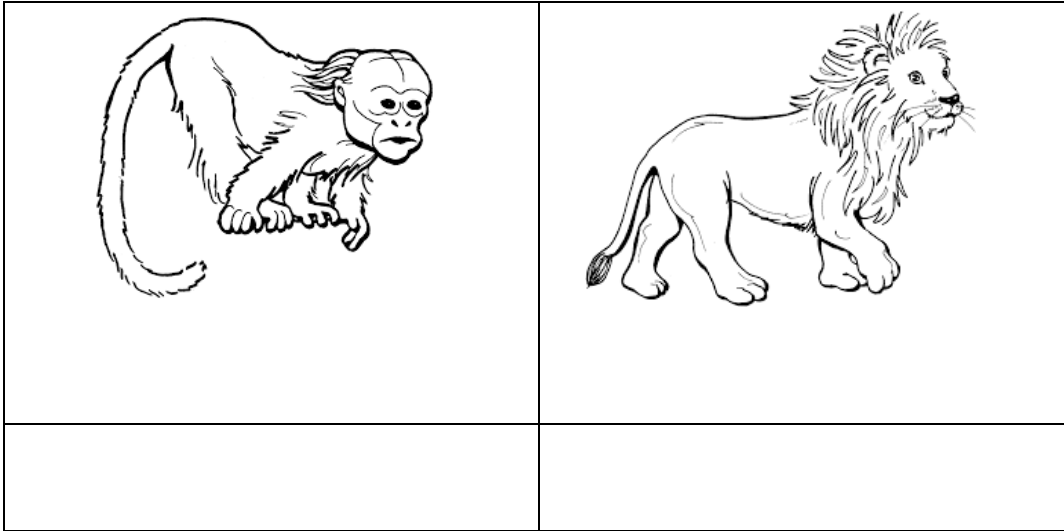

(b) Give one use of insects to people.

PAPER 4

SECTION A: (40 MARKS)

1. Name any **one** thing we use to clean our classroom.

2. Name the following wild animals.

3. Give any **one** animal that lives in water.

4. Name any **two** building materials.

(i) _____

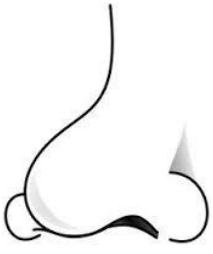

(ii) _____

5. Give any **two** birds we keep at home.

(i) _____

(ii) _____

6. **Give the use of these body parts to people.**

7. Why do we sleep under a mosquito net?

8. Mention any **one** thing found in a first aid box.

9. Give **two** places where people get food.

(i) _____

(ii) _____

10. **Draw these fruits.**

A mango	A banana

11. How do people clean their bodies?

12. Name any **one** disease we get when we eat dirty food.

13. Mention any **two** uses of a plant to people.

(i) _____

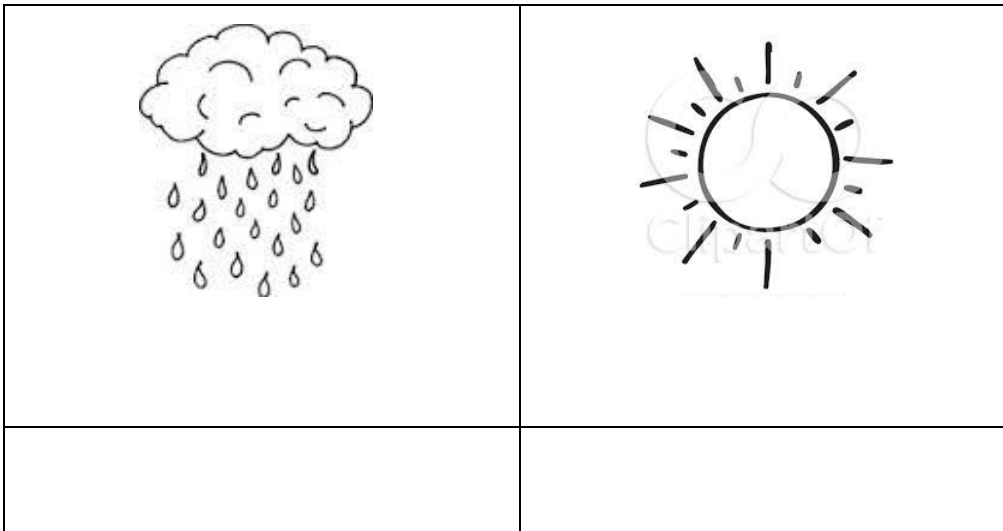

(ii) _____

14. Give any **two** uses of water to people.

(i) _____

(ii) _____

15. **Name these elements of weather.**

16. Name **one** accident caused by sharp objects.

17. How do you care for your shoes?

18. Which insect gives us honey?

19. What do we use for digging?

20. Name any **one** living thing found in water.

21. What is the use of the sun to people?

22. Mention **two** things we get from a cow.

(i)

(ii)

23. Give any **one** use of clay to people.

24. Give any **one** danger of playing near fire places.

25. How do we keep our toilets clean?

26. a) Give any **two** roles of a father in a family.

(i)

(ii)

b) Write **one** word to mean this.

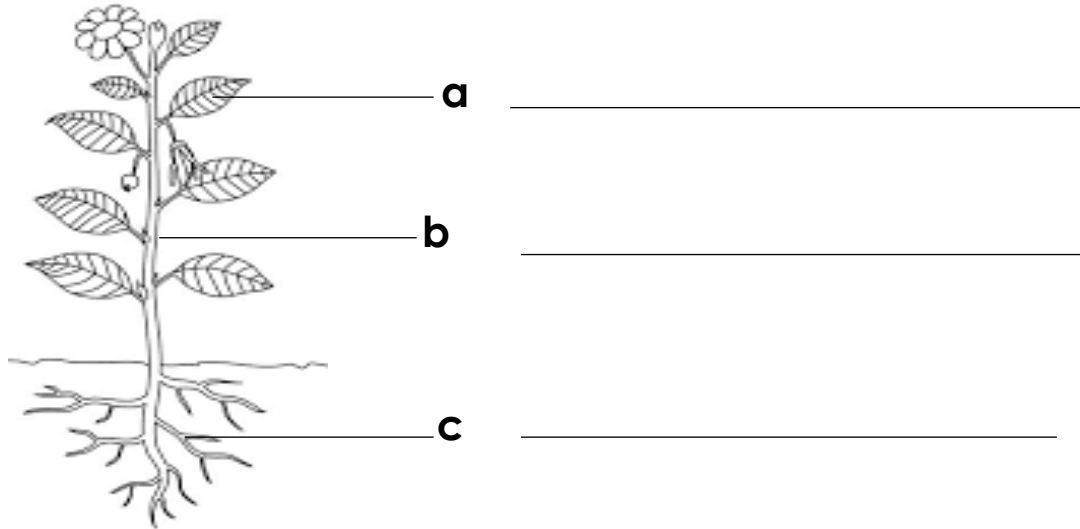

(i) The mother of your father. _____

(ii) The lady who gave birth to you. _____

27. How do family members prevent diseases in their homes?

SECTION B: (60 MARKS)

28. **Name the parts of the plant below.**

29. Mention any **two** ways of caring for domestic animals.

(i) _____

(ii) _____

30. Why do people eat food?

31. Name any **two** things we can use on a rainy day.

(i) _____

(ii) _____

32. **Draw these things we make at home.**

mat	ball	basket

33. **Match these correctly.**

Man	flying
Fish	leaping
Bird	swimming
Frog	walking

a) man	_____
b) fish	_____
c) bird	_____
d) frog	_____

34. Write down **two** things we do before eating.

(i) _____

(ii) _____

35. **Draw the following garden tools.**

hoe	rake

(b) How is a rake useful to farmers?

36. Give any **two** things we find in a kitchen.

(i) _____

(ii) _____

(b) How do people care for things in the kitchen?

37. Name the homes of the following animals.

(a) Pig _____

(b) fish _____

(c) dog _____

38. (a) **Group these foods in the table below.**

(mangoes , posho , fish)

Proteins	Carbohydrates	Vitamins

(b) Give the importance of eating a balanced diet.

PAPER 5

SECTION A: (40 MARKS)

1. Name any one item made from clay.

2. How is a nose useful to people.

3. Draw these dangerous things.

nails	snake

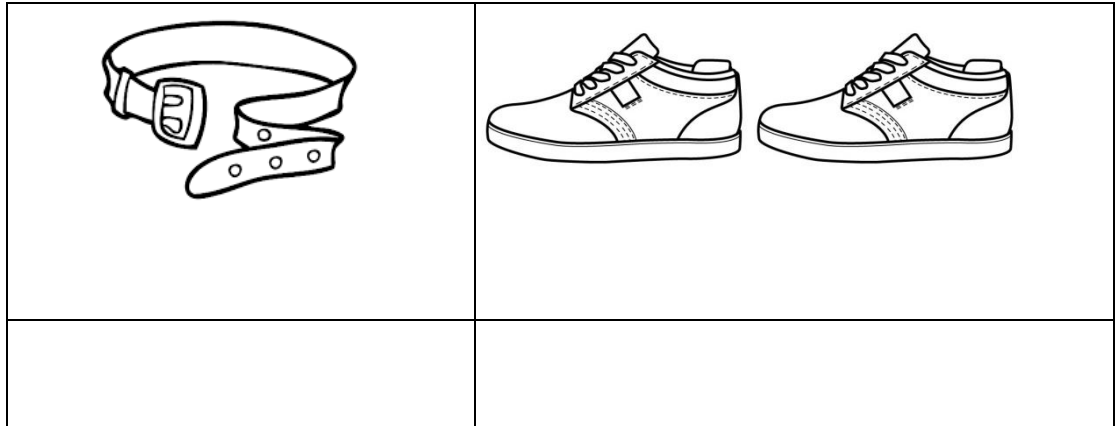

4. Write one curable disease.

5. (a) Give two ways of caring for plants in the Compound.

(i) _____

(ii) _____

(b) Name these items made from hides.

6. Why do people keep cows at home?

7. Name one insect that spreads diseases to people.

8. (a) Give one example of these living things.

(i) domestic bird _____

(ii) wild animal _____

(iii) food crop _____

9. Write any two parts of a good house.

(a) _____

(b) _____

10. Circle two effects of accidents.

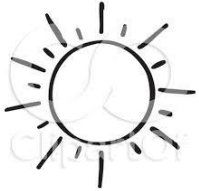

lameness , singing , growing , death.

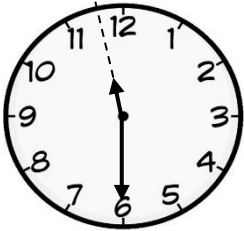

11. Name any two things that can make our class dirty.

(i) _____

(ii) _____

12. Give the use of these items to people.

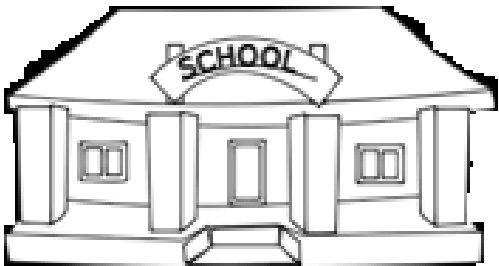

13. Why do we wash our hands after visiting a toilet?

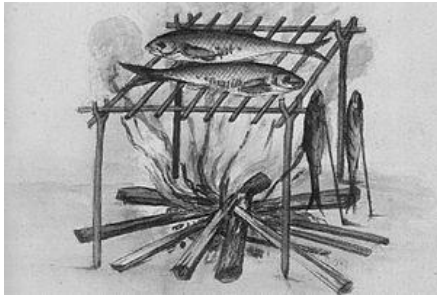

14. Name any one item people use to build houses.

15. Colour only the church.

16. Which animal protects itself by barking?

17. Name these ways of preserving food.

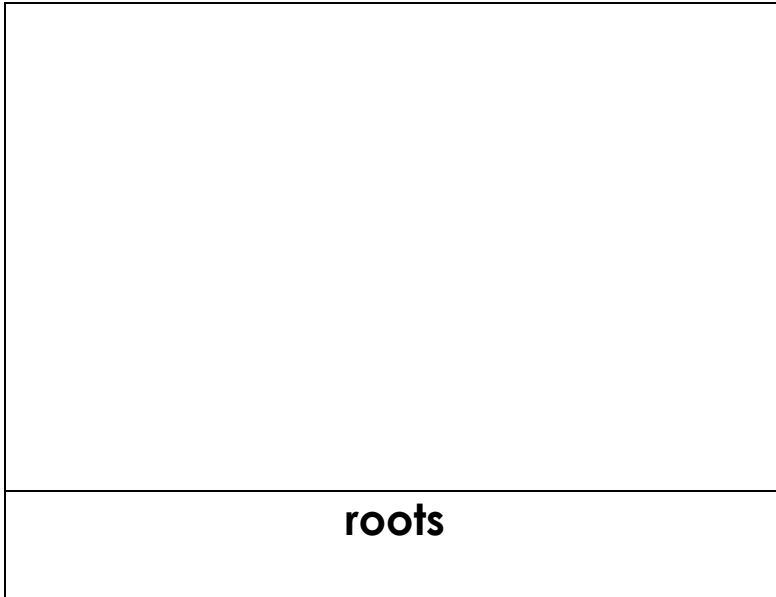

18. Give one fruit eaten at school.

19. Draw these non – living things.

chair	basket

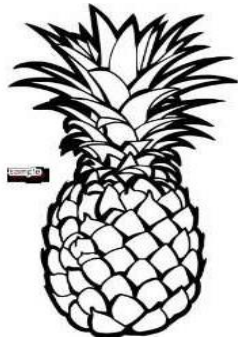

20. Name one person who works in a sick bay.

21. Draw this part of a plant.

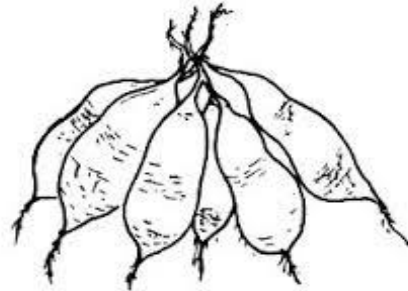

22. Write the body part used for feeling.

23. Which food value do we get from these foods?

pineapple

Sweet potatoes

24. a) Give any one role of the following people at home

- (i) Father _____
- (ii) Mother _____
- (iii) Children _____
- b) Mention any one acceptable behavior at home.
- _____

SECTION B: (60 MARKS)

25. (a) Give the use of these garden tools to people.

- (i) rake _____
- (ii) hoe _____

(b) Write one way of caring for garden tools.

26. (a) Name the young ones of these animals.

- (i) man _____
- (ii) lion _____

(b) How are wild animals dangerous to people?

27. (a) Match the items to the weather they manage.

rainy weather

sunny weather

(b) Give one danger of windy weather.

28. a) Name one insect eaten by people.

(b) How many legs does an insect have?

(c) Name one disease spread by houseflies.

29. Fill in these words correctly.

vitamins , food , posho , grow

_____ is anything nutritional we eat or drink that adds value to the body. Food gives us energy, keeps us healthy and helps our bodies to _____.

At school , we eat foods like rice, _____, chicken , matooke and bread.

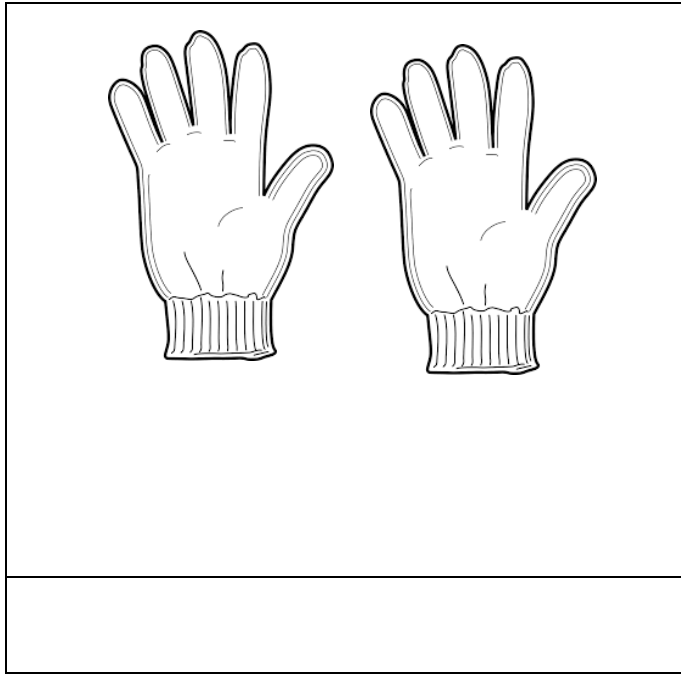

The main food values we need are _____, carbohydrates and proteins.

30. a) Give two common accidents at school.

(i) _____

(ii) _____

(b) Name these items we use to give first aid.

31. (a) How are these items useful to a P.2 child?

(i) a towel

(ii) a tooth brush

(b) Write one thing we use to clean our hands .

32. Draw these things we need at home.

Knife	broom

33. Which animals give us these products?

(a) milk_____

(b) mutton_____

(c) beef_____

34. Give the use of these parts of the body.

(a) hands _____

(b) fingers _____

(c) eyes_____

PAPER 6

SECTION A: (40 MARKS)

1. Give any one example of a non-living thing in your classroom.

2. Which common accident is caused by a razorblade?

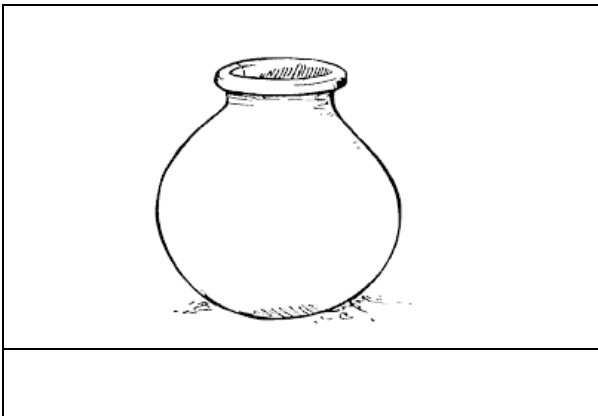

3. Draw the part of the human body that is used for seeing.

4. How are bees useful to people?

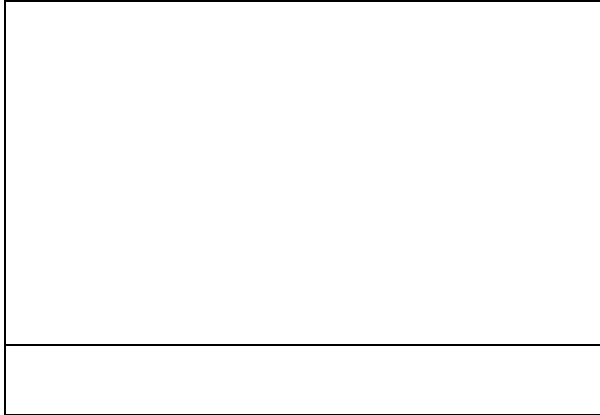

5. Write one way of keeping food free from germs.

6. Which material is used to make the item below.

7. Name any one season in a year.

8. Draw the living thing that gives us eggs.

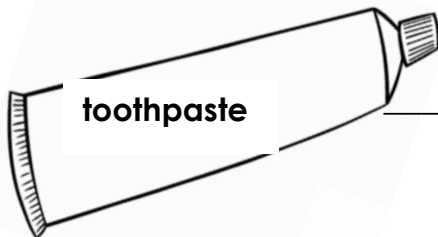

9. Which immunisable disease makes children lame?

10. How is a donkey useful to people?

11. Why do we boil water for drinking?

12. Write any one place where people get food.

13. How is the item below useful to people?

14. Name any one thing made from animal skins.

15. Give one item used to manage rain weather.

16. Write any one way a dog protects itself.

17. How does a snake move from one place to another?

18. Name one material that can be used in the making of ropes and balls.

19. Name one tree that gives us fruits.

20. Give anyone way of preserving food.

SECTION B: (60 MARKS)

21. Name any two items found in the kitchen.

(i) _____

(ii) _____

22. a) Who is a first aider?

b) Name any one item used to give first aid.

c) Why do we give first aid to casualties?

(i) _____

(ii) _____

23. Draw and name any two food stuffs eaten at school.

24. a) How do farmers care for plants in the garden?

(i) _____

(ii) _____

b) Name any two garden tools that can be used at home.

(i) _____

(ii) _____

25. Write any two uses of water at school.

(i) _____

(ii) _____

b) Give two sources of water in our area.

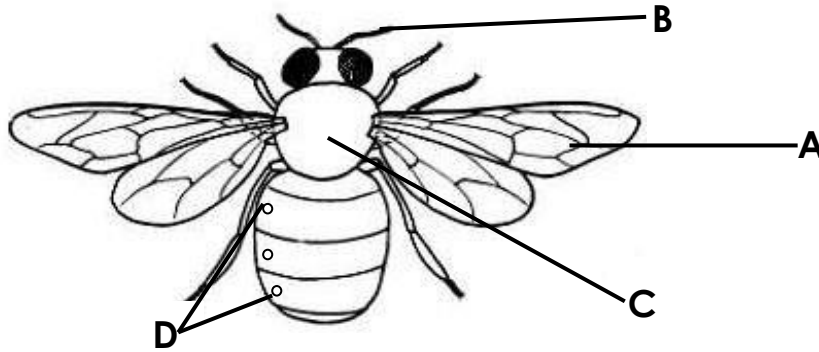

(i) _____

(ii) _____

26. Which part of the body is used for;

- a) writing _____
- b) singing _____
- c) walking _____

27. The diagram below shows an insect.

a) Name these parts of the insect.

- (i) A _____
- (ii) C _____

b) Give the function of the following parts.

- B _____
- D _____

28. a) Apart from sunny, give any two other types of weather.

- (i) _____
- (ii) _____

b) Give any one use of wind to people.

29. a) Name any two domestic animals that give us meat.

- (i) _____
- (ii) _____

b) Write two ways people care for domestic animals.

(i) _____

(ii) _____

30. Match the animals below to their young ones correctly.

Animal

young one

Rabbit

puppy

Fish

foal

Dog

fry

Donkey

kit

(i) Rabbit

(ii) Fish

(iii) Dog

(iv) Donkey

31. Use the words below to fill in the gaps.

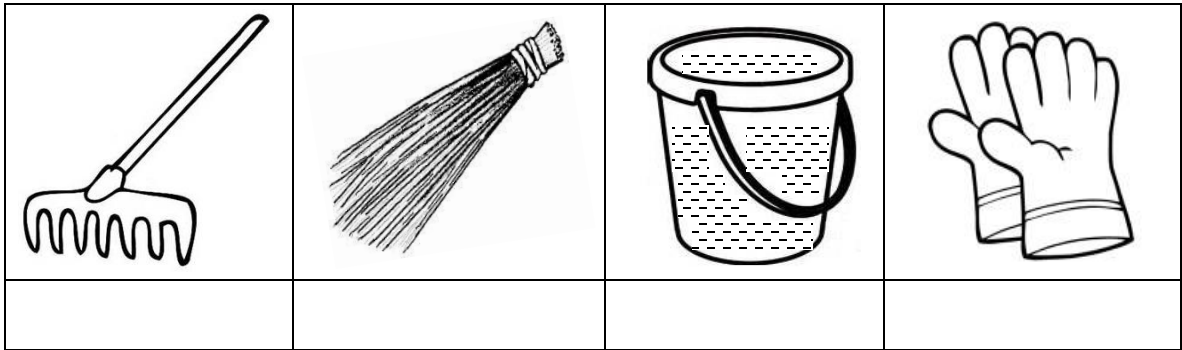

rainy weather , weather , rain coat , floods , drought

_____ is the state of the atmosphere of a place at a given time. The types of weather are; windy, cloudy, sunny and _____. People use hats, umbrellas, gumboots, banana leaves and _____ to manage weather.

Sometimes too much rainfall leads to _____ which destroy plants, roads and houses. Too much sunshine

causes _____ which kills animals and destroys plants.

33. Name any two common diseases in our community.

(i) _____

(ii) _____

b) Give any one place where sick people can go for treatment.

34. a) Name any one type of family.

b) Give one role of a mother in a family.

c) Apart from a mother, name any two other members of a family.

(i) _____

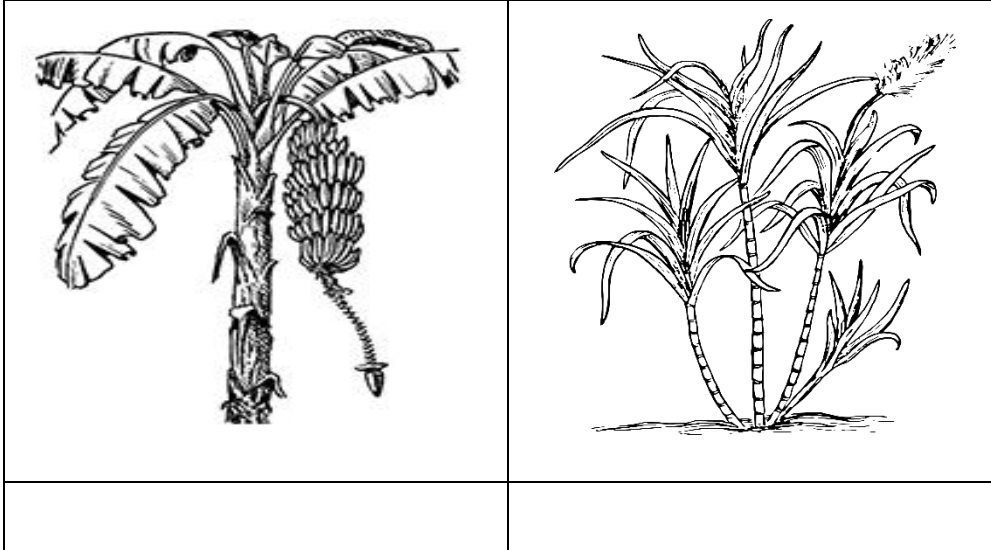

(ii) _____

35. Name the home of these animals;

a) Fish _____

b) Cow _____

36. a) Name these plants.

b) Give one thing needed by a plant to grow well.

37. Write any one way of caring for these items;

(i) Shoes _____

(ii) Uniform _____

(iii) Cups _____

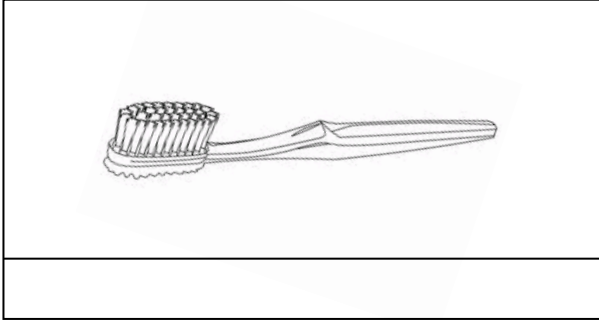

38. Draw and name any two items used to tell time in a classroom.

PAPER 7

SECTION A: (40 MARKS)

1) Name the sense organ used for hearing .

2) Identify the item below used for cleaning our teeth.

3) Why do people keep domestic birds?

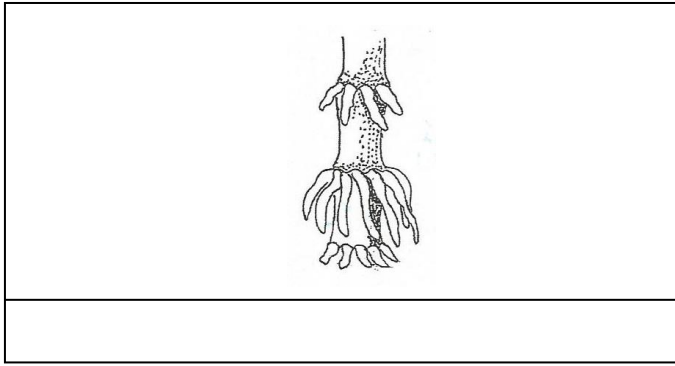

4) Why are bees useful to people?

5) Give any **one** common accident at home.

6) How does a fish move?

7) Why do we wash our hands after visiting a **toilet** ?

8) Name the part of a plant shown below.

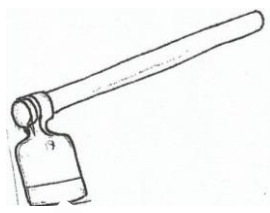

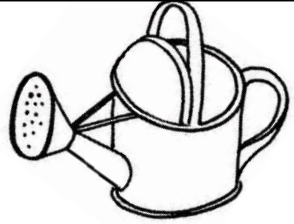

9) Write any **two** uses of water at home.

a) _____

b) _____

10) Why do people iron their clothes after washing?

11) Give the use of each of these garden tools.

12) Name a food that is eaten without cooking.

13) Give any **two** natural sources of water.

a) _____

b) _____

14) Write the work of a doctor in a hospital.

15) How do we care for the following items?

a) Bed sheets _____

b) Shoes _____

16) Which type of family has other relatives?

SECTION B (60 marks)

17) Name these types of weather.

b) Give the importance of rainy weather to people.

18) Why do animals move from one place to another?

a) _____

b) _____

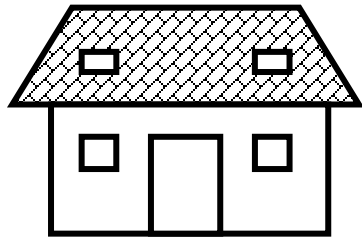

19a) Mention any **one** way of caring for plants

b) Which part of the plants below do we eat ?

i) Sugarcane. _____

ii) Cabbage. _____

20a) Name the home shown below.

b) Which living thing stays in the above home?

c) By use of arrows , show a window on the home above.

d) Write any **one** material used in making the above home.

21a) Identify any **one** way of keeping our food safe.

b) Name any **one** source of food.

c) Give **one** example of food we get from animals.

22) Why do we keep our bodies clean ?

23) Match the animals to their young ones correctly.

Animal

Youngone

Cow

Piglet

Dog

Calf

Man

puppy

Pig

baby

Animals

young one

i) Cow

ii) Dog

iii) Man

iv)Pig

24a) Give any **one** disease spread by a housefly.

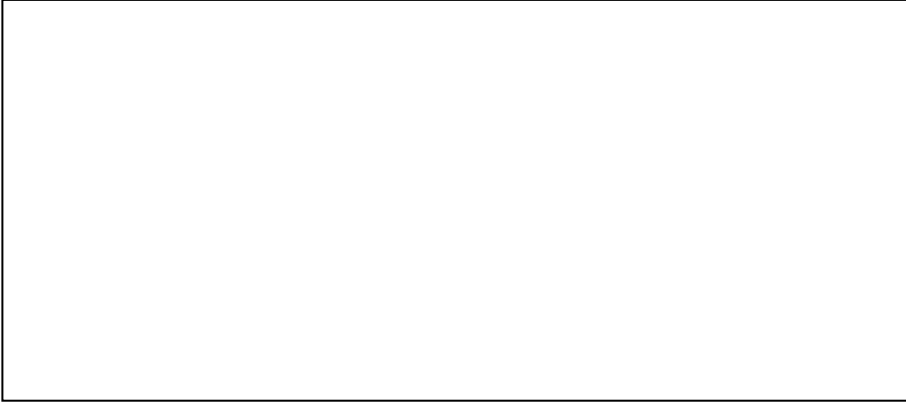

b) Identify any **one** way of keeping houseflies away from our homes.

25) In which season do farmers carry out the following activities?

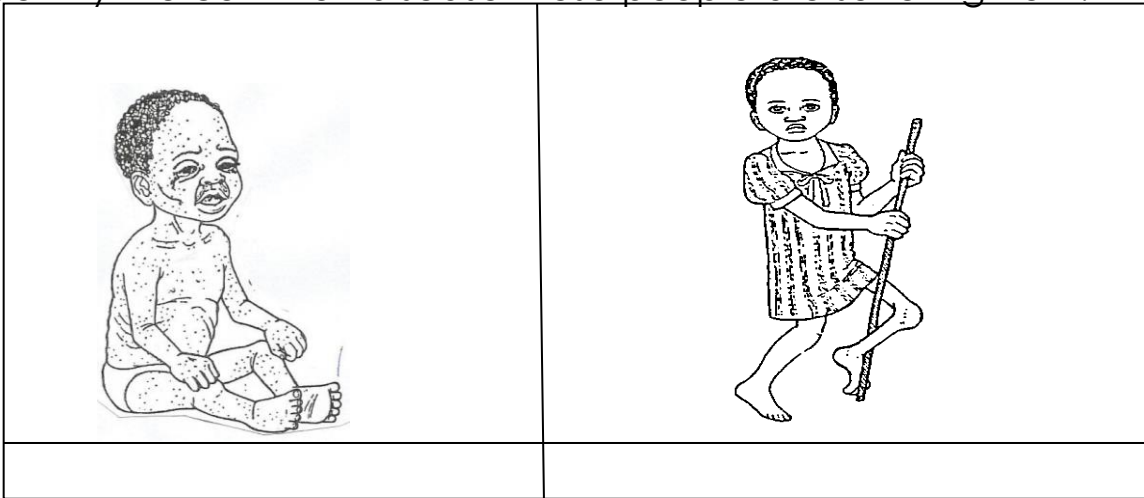

i)planting seeds . _____

ii)drying crops. _____

26) Draw the animal which moves by slithering.

27) Identify the common disease these people are suffering from.

28) Give any **one** characteristic of living things.

29) Name any **one** insect that can sting people.

PAPER 8

SECTION A: (30 marks)

1. How many legs does an insect have?

2. Give the use of a sponge to people at home.

3. Write the product got from cows which people use to make drums.

4. Why is it dangerous to play with a razor blade?

5. What is the function of the body part below?

6. Give one thing you can do to prevent getting malaria.

7. Name any one tool you can use to cut grass from the compound.

8. How can people make water safe for drinking?

9. Draw these things we make at home.

basket	ball

10. Why do people keep cats at home?

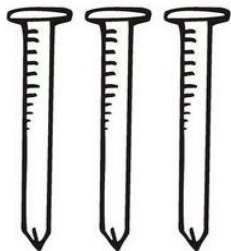

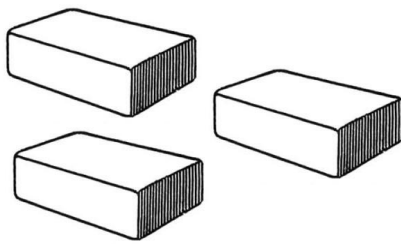

11. Write one activity you can do using a ball.

12. Name the material used to make the item below.

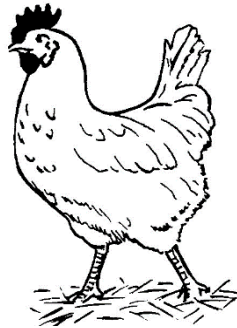

13. How are grasshoppers useful to people?

14. Name these materials used to build a house.

15. Why do people wash their hands after using the toilet?

16. Name the bird below.

17. Give any two reasons why people eat food.

(i) _____

(ii) _____

18. Name one common food eaten at home.

19. Give the use of the item below to a P.2 child.

20. Name the animals which produce these youngones.

(a) Cub: _____

(b) Kid: _____

21. Write one way of preserving fish.

22. Give one way of managing sunny weather.

23. Name two immunisable diseases.

(i) _____

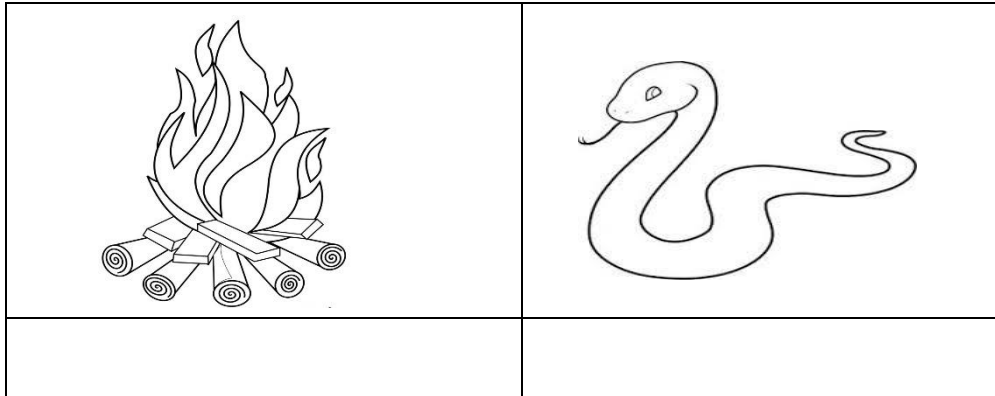

(ii) _____

24. How can you care for your bed at home?

26. (a) Name the accident caused by these things.

(b) How can you help your friend who has been cut by a broken bottle?

27. (a) Why do people brush their teeth every after a meal?

(b) Name these items we use to clean our teeth.

28. (a) How are these things useful to a farmer?

- (i) Panga _____
- (ii) Watering can _____
- (iii) Gumboots _____

(b) Give one way of caring for garden tools.

29. Match these activities to the correct item used.

- (a) Pounding - brush
- (b) Milking - saucepan
- (c) Scrubbing - mortar
- (d) Cooking - bucket

(a) Pounding _____

(b) Milking _____

(c) Scrubbing _____

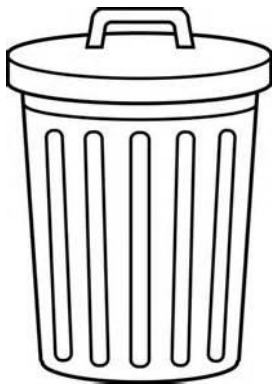

(d) Cooking _____

30. (a) Write two activities that can damage our environment.

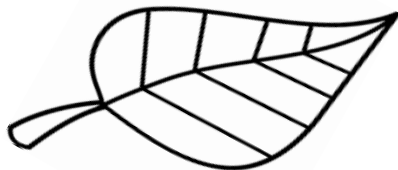

(i) _____

(ii) _____

(c) Name this item used for disposal of rubbish.

31. (a) Give the use of this part of a plant.

(b) Write two uses of plants to people.

(i) _____

(ii) _____

(c) How can you care for plants in the school compound.

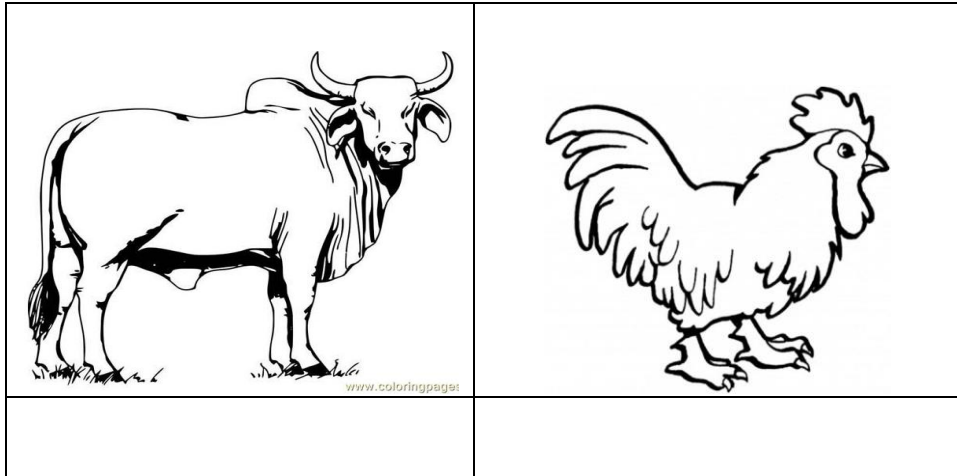

32. (a) Give two ways mothers care for their babies.

(i) _____

(ii) _____

(b) Apart from parents, name one member of a nuclear family.

33. (a) Name the meat we get from these animals.

(b) Write two ways of caring for domestic animals.

(i) _____

(ii) _____

34. (a) Why do people eat a balanced diet?

(b) Name any two food values that make a balanced diet.

(i) _____

(ii) _____

(c) How is poor feeding dangerous to children?

35. In which type of weather do people carry out these activities?

(i) Harvesting water _____

(ii) Flying kites _____

(b) Give one danger of sunny weather to people.

PAPER 9

SECTION A:

39. Name any one body part found on the head.

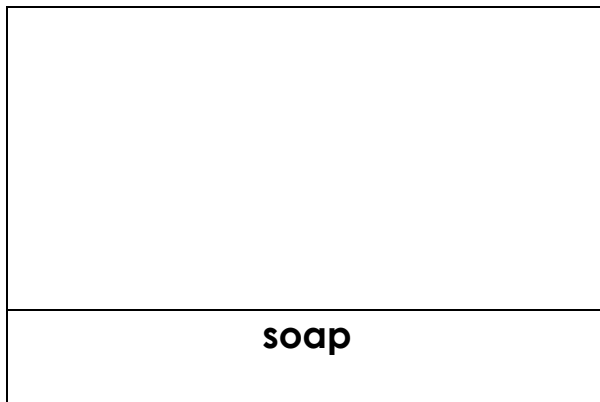

40. Give any one insect eaten by people.

41. Identify any one way of managing rainy weather.

42. How is a pot useful to people at home?

43. Name any one immunisable childhood disease.

44. Draw this item used to clean our bodies.

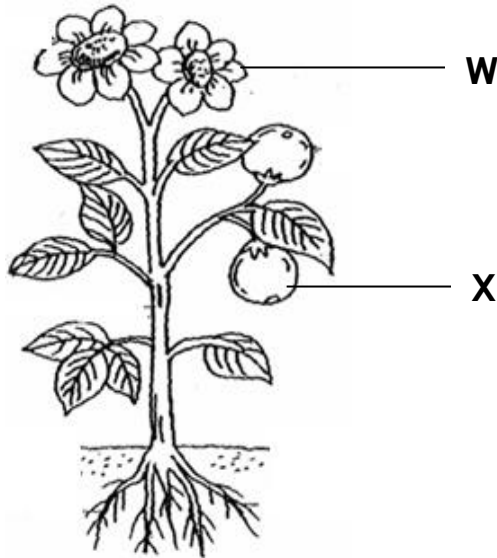

45. Why are rats grouped under living things?

46. Write any one way of caring for plants.

47. Give one main source of food.

The diagram below is of a plant.

48. Name parts marked W and X on the diagram above.

W _____

X _____

49. Give one use of latrines / toilets at school.

50. What do we call a group of people related by blood or marriage?

51. Draw and name any two items made from animal hides.

52. Give one activity we do before eating food.

53. How do people make water safe for drinking?

54. Write any two ways of caring for domestic animals.

(i) _____

(ii) _____

55. Name any one part of a good house.

56. Why should people cross a busy road at a zebra crossing?

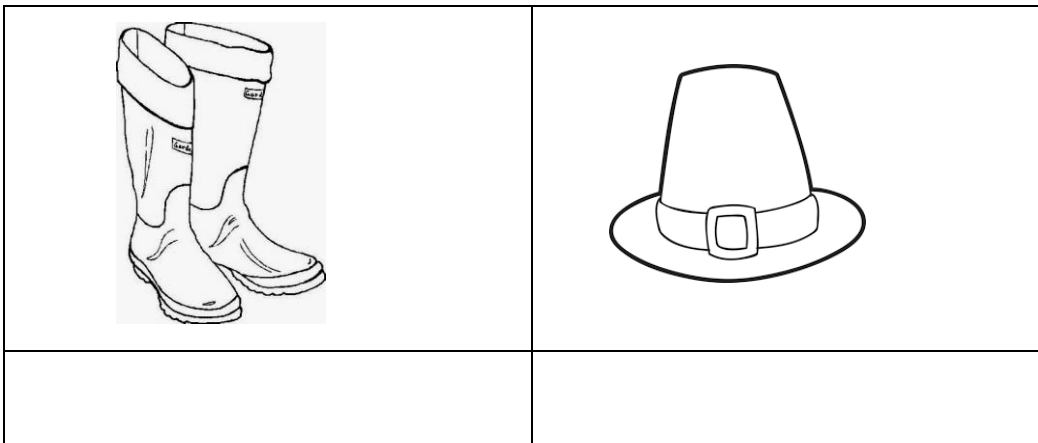

57. Give any two common diseases in our community.

(i) _____

(ii) _____

58. How can we prevent burns at home?

59. Name these items used to manage weather.

60. Give two insects that spread diseases to people.

(i) _____

(ii) _____

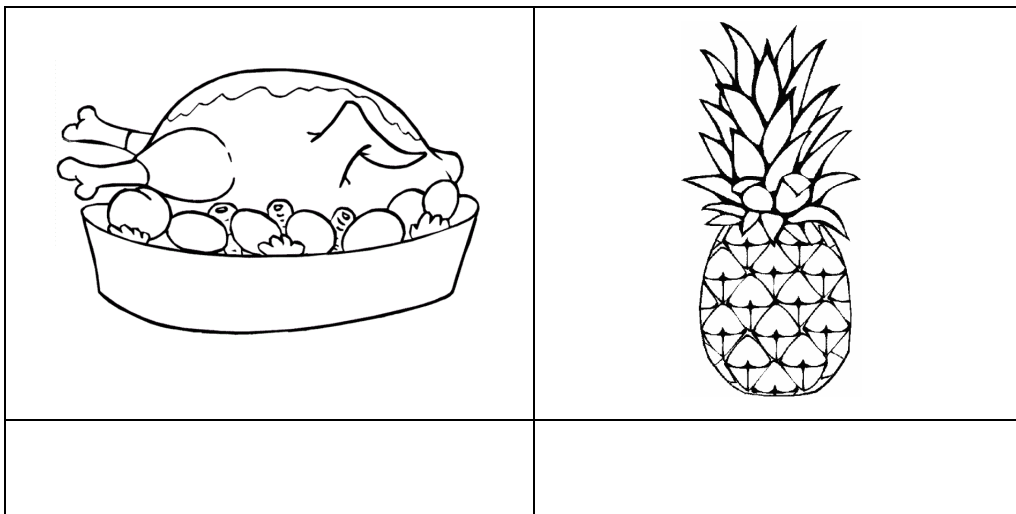

61. Which item do we use to pound groundnuts at home?

62. How is too much sunshine dangerous to people?

63. Give any one use of clay soil to people.

64. Why do people keep hens at home?

65. Name the food value got from these food stuffs.

66. Which type of weather do farmers need to;

a) dry harvested crops? _____

b) harvest water? _____

67. Write two ways of keeping your classroom clean.

(i) _____

(ii) _____

68. Give any two uses of animals to people.

(i) _____

(ii) _____

SECTION B

69. a) What do we call a trained person who gives first aid?

b) Name two sharp objects that can cause accidents at school.

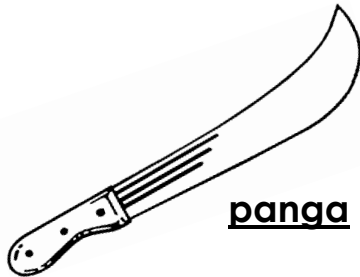

(i) _____

(ii) _____

70. Give one use of these garden tools drawn below.

axe

panga

rake

71. Use the words below to fill in the gaps.

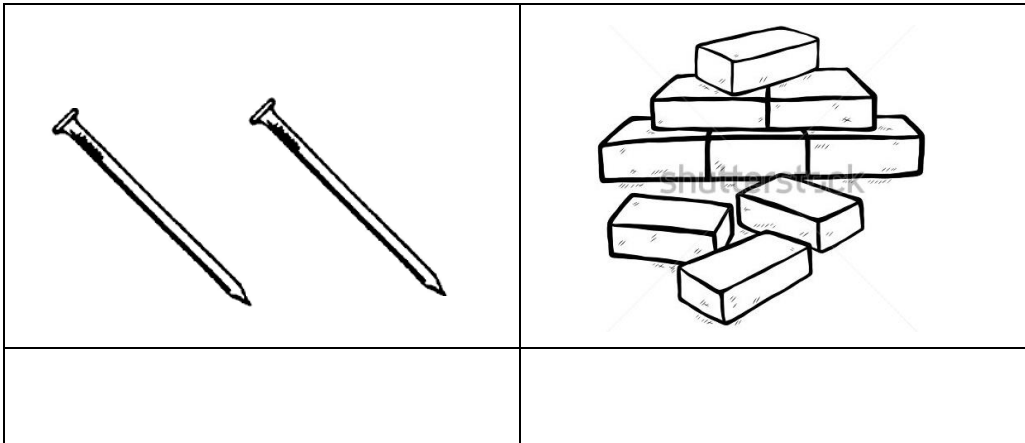

bad body smell , washing hands , water , personal hygiene

_____ is the general cleanliness of the human body. We keep our bodies clean by bathing, cutting finger nails, brushing teeth and _____. We use _____ , soap , toothpaste and sponges to clean our bodies. We should keep our bodies clean to prevent diseases and _____ .

72. a) What is wind?

b) Give any one use of wind to people.

73. a) Name the building materials below.

b) Give one use of a house to people.

74. Complete the table correctly.

<u>Animal</u>	<u>Young one</u>	<u>Home</u>
Dog	_____	kennel
_____	kit	hutch
fish	fry	_____

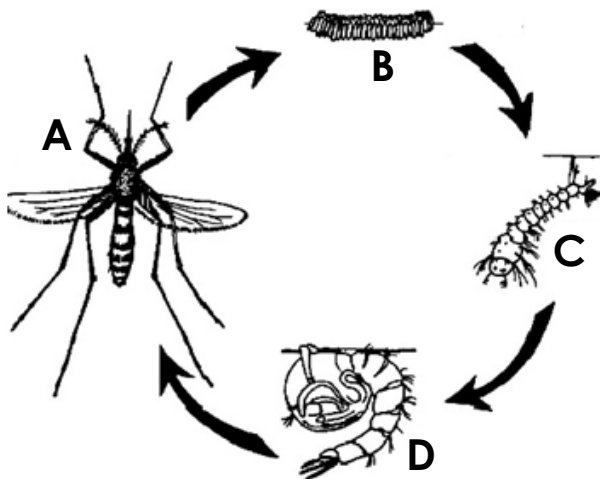

75. a) Write any two basic needs of people.

(iv) _____

(ii) _____

b) How do people get their basic needs in our community?

76. The diagram below shows the life cycle of an insect.

a) Name the stages marked B and D.

B _____

D _____

b) Give one example of an insect with four stages of growth.

77. Match the animals to their ways of protection correctly.

Animals

Ways of protection

a. Bee

changing colours

b. Dog

goring

c. Chameleon

barking

d. bull

stinging

a) Bee

b) Dog

c) Chameleon

d) bull

78. Give the use of these sense organs.

c) Ears

d) Skin

PAPER 10

SECTION A:

1. Name the animal that lives in water.

2. Why do we keep hens at home?

3. Mention any one way of preventing mosquito bites at home.

4. Why do we wash hands before eating food?

5. Write any one way of caring for plants.

6. Name any one item we use to clean our bodies.

7. Give any one use of water to people.

8. Draw any one item made from clay soil.

9. Name any one component of our environment.

10. Mention the use of ears to people.

11. Why do we bathe?

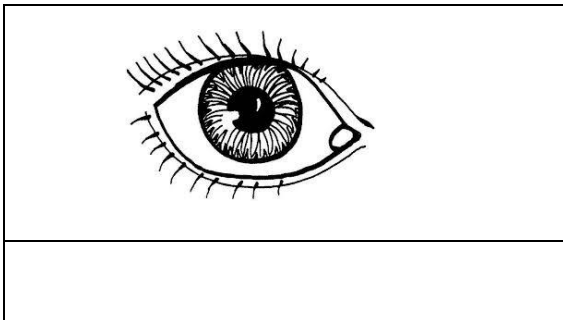

12. Write the importance of the item below to people.

13. Mention any one way of keeping our bodies clean.

14. How can we prevent burns at home?

15. Name the human body part below.

16. Why do animals move from one place to another?

17. Give any one way you can manage rainy weather.

18. Why do we boil water for drinking?

19. **Draw and name any one food stuff rich in proteins.**

20. **Why do farmers water their crops during dry season?**

SECTION B

21. a) **Name any one domestic animal.**

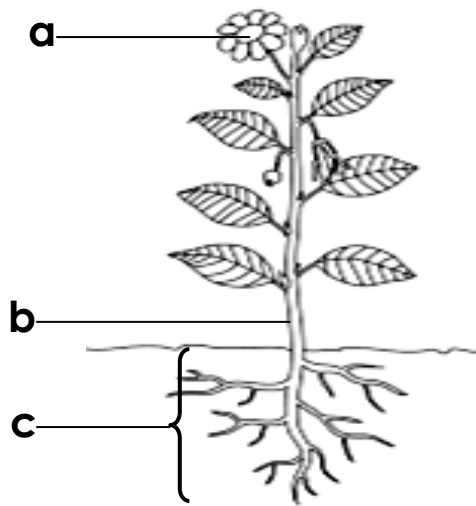

b) **How do you care for domestic animals at your home?**

(i) _____

(ii) _____

c) **Why do we keep cows at home?**

22. The diagram below shows a plant.

a) Name the parts marked;

a : _____

b : _____

b) Give any one use of part "C" to plants.

c) Which part makes food for the plant?

23. a) Name any one part of a house.

b) A house has different rooms. Name any two of these rooms.

(i) _____

(ii) _____

c) Give any one item people use to build houses.

24. Match the animals in A to their movements in B correctly.

A

B

snake

walking

grasshopper

swimming

fish

slithering

cow

flying

snake

grasshopper

fish

cow

25. a) What name is given to a person who gives first aid?

b) Why do we give first aid?

(i) _____

(ii) _____

c) Draw any one item found in the first aid box.

26. Fill in the spaces correctly.

sources	raw materials	item
forest	wood	_____
sisal plant	_____	ropes
cow	_____	shoes
swamp	clay soil	_____

27. Which domestic animals live in these homes?

(i) kennel - _____

(ii) hutch - _____

(iii) sty - _____

b) Write down one product got from a cow.

28. a) Name any two common diseases of people.

(i) _____

(ii) _____

b) Write any two insects that spread diseases to people.

(i) _____

(ii) _____

29. a) What is food?

b) Name any two sources of food.

(i) _____

(ii) _____

c) Why do we eat food?

30. a) Write any two activities you can do to keep latrines clean.

(i) _____

(ii) _____

b) Draw these things we use to keep places clean.

broom	soap

31. a) Mention any two ways of keeping food safe from germs.

(i) _____

(ii) _____

b) Name any two things we use when cooking food.

(i) _____

(ii) _____

32. a) Name any one type of family.

b) Give two members of a family.

(i) _____

(ii) _____

c) Who breast feeds babies in a family?

33. a) Draw these road traffic signs.

parking	zebra –crossing

b) Write any two ways of preventing road accidents.

(i) _____

(ii) _____

34. a) Why is a tree grouped under living things?

(i) _____

(ii) _____

b) Name any two uses of trees to people.

(i) _____

(ii) _____

35. a) Draw and name any two basic needs of people.

b) Give two ways people can get basic needs.

(i) _____

(ii) _____

PAPER 11

SECTION A: (40 marks)

1. Give one use of water to people.

2. Name one harmful insect in the environment.

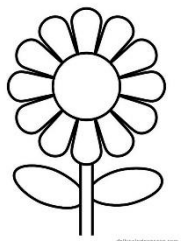

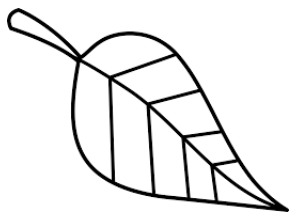

3. Draw two items used to clean our bodies.

toothpaste	sponge

4. How is a tongue useful to people?

5. Why do we keep our toilets clean?

6. Name these parts of a plant.

7. Which useful insects provide us with honey?

8. Identify the type of weather which makes people sweat.

9. Write two fruit trees in the environment.

(i) _____

(ii) _____

10. Give two ways of caring for our bodies

(i) _____

(ii) _____

11. How is a razorblade dangerous to children?

12. Name one natural thing used to tell time.

13. What is a balanced diet?

14. Give the use of these garden tools.

15. Why do people keep goats at home?

16. Write two roles of a child at home.

(i) _____

(ii) _____

17. Give the home of these animals;

(a) Pig _____

(b) Dog _____

18. Why are trees important in a school compound?

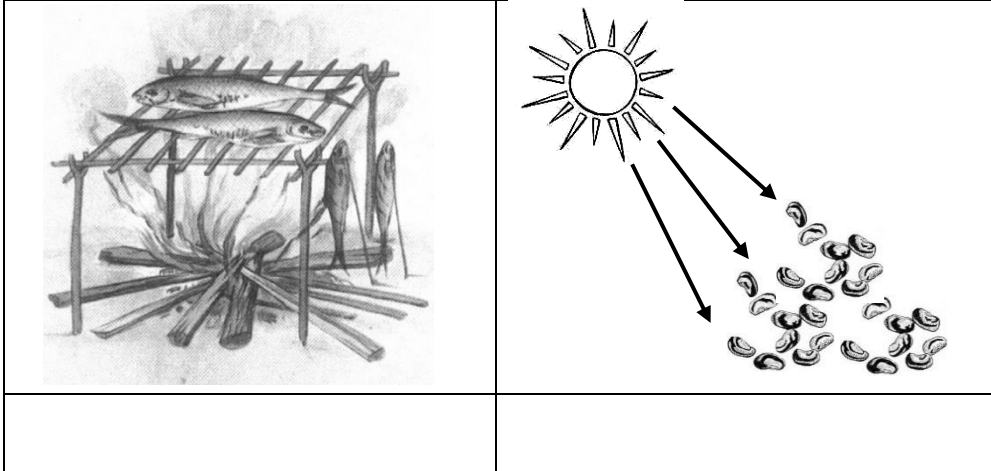

19. How is wind useful to people?

20. Why do we give first aid to people who get accidents?

(i) _____

(ii) _____

21. Identify these ways of preserving food.

22. Give two products people get from cows.

(i) _____

(ii) _____

23. Write one thing animals need to grow well.

24. Draw these things we make from local material.

	
rope	hat

25. How can a dog be dangerous to people?

26. How can people protect themselves from malaria?

27. Which type of weather helps people to play with a kite?

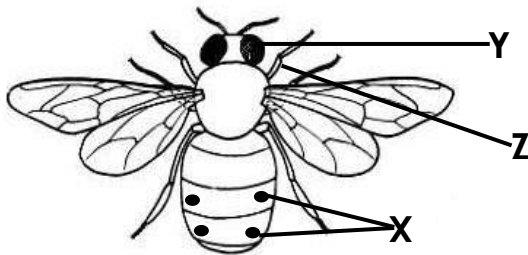

28. Give two roles of a mother at home.

(i) _____

(ii) _____

Section B: (60 marks)

29.

(a) Name the parts marked X and Z.

X _____

Z _____

(b) Give the use of part Y to an insect.

(c) How can insects be dangerous to people?

30. (a) What is sanitation?

(b) Name two items we use to clean the school compound.

(i) _____

(ii) _____

31. (a) Why do we wash our clothes?

(b) Write one source of water for washing clothes.

32. Match the food values to their uses in the body.

A

B

(a) Vitamins - to provide energy to the body.

(b) proteins - to keep the body healthy.

(c) carbohydrates - to build the body.

(a) Vitamins _____

(b) Proteins _____

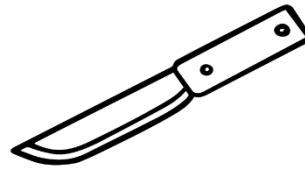

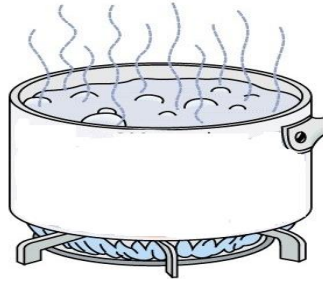

(c) Carbohydrates _____

33. Give two ways people care for domestic animals.

(i) _____

(ii) _____

34. Identify one accident caused by each of these items.

(b) Name two items used to give first aid.

(i) _____

(ii) _____

35. Give two dangers of too much rainfall.

(i) _____

(ii) _____

36. Name these items people use.

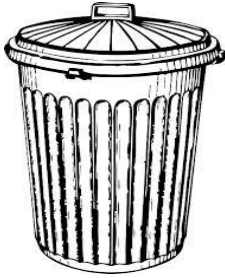

37. Name any one animal which moves by;

(a) swimming _____

(b) slithering _____

(c) walking _____

38. Name the item shown below.

(b) How is the item above useful in a classroom?

39. (a) What is environment?

(b) Name two living things in the environment.

(i) _____

(ii) _____

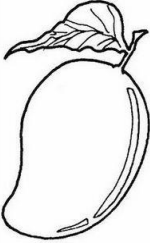

PAPER 12

SECTION A

1. Mention any **two** dangerous insects

i) _____ ii) _____

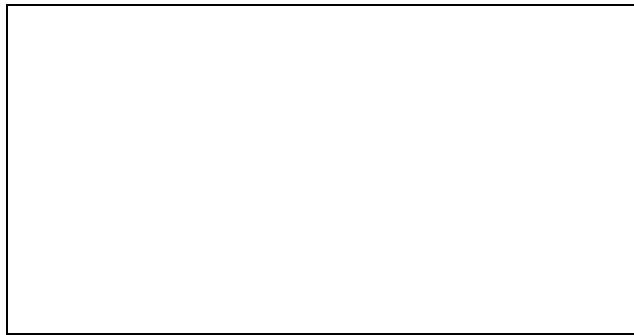

2. Name these protective foods below.

			
_____	_____	_____	_____

3. Name **two** places where the First Aid box is found.

i) _____ ii) _____

4. Draw a First Aid box.

5. Mention any **two** useful insects.

i) _____ ii) _____

6. Write **two** dangerous animals.

i) _____ ii) _____

7. Give **two** plants that give us juice.

i) _____ ii) _____

8. Give **two** characteristics of living things.

i) _____

ii) _____

9. What do we get from bees?

10. Draw these things we get from birds.

eggs	chicken	feathers

11. How do we keep our bodies clean?

12. Why do we wash hands after visiting the toilet?

13. Name **three** basic needs of man.

i) _____

ii) _____

iii) _____

14. What are weeds?

15. Draw these activities done in the rainy season.

planting	Weeding

16. Write **two** seasons of the year.

i) _____

ii) _____

17. Write down one importance of immunization to us.

18. **Match animals to their weapons**

man

Horns

snake

changes colour

buffalo

Hands

chameleon

Fangs

19. Give the importance of keeping our bodies clean.

20. Why do animals move from one place to another?

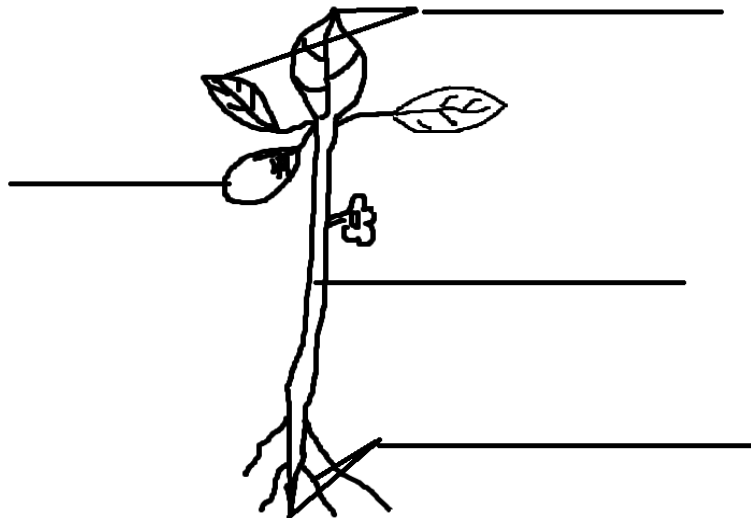

i) _____

ii) _____

21. Name **two** items used to make playing materials.

i) _____ ii) _____

22. Name the main parts of a plant.

23. Write down any **two** animals which eat grass.

i) _____ ii) _____

24. Name any **one** animal kept as a pet at home.

25. Draw these things used to clean the environment.

broom	slasher

PAPER 13

SECTION A: (40 MARKS)

- 1) Name any **one** thing you put on before going to school.

- 2) Give any **one** way of caring for your eyes.

- 3) Draw these food stuffs.

Banana	An apple

- 4) Write any **one** material we can use to stop fire.

- 5) Circle **the animal** used for transport.

Lion, donkey, goat, cat.

6) Write any **two** dangerous objects.

a) _____ b) _____

7) Draw these things.

bag	book	ball

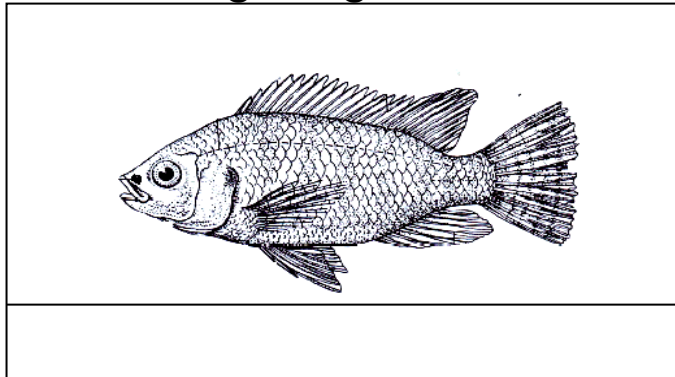

8) What do people do before eating food?

9) Give any **two** uses of water to people.

a) _____

b) _____

10) Name the living things shown below

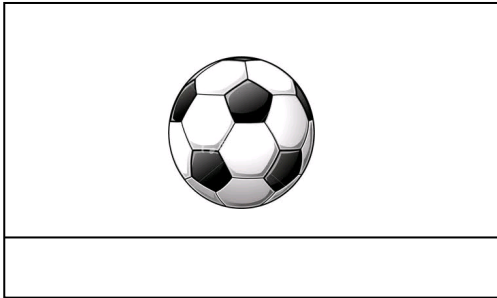

11) Mention any **two** human body parts found on the head.

a) _____ b) _____

12) Why do people keep hens at home?

13) Give **one** basic need of people.

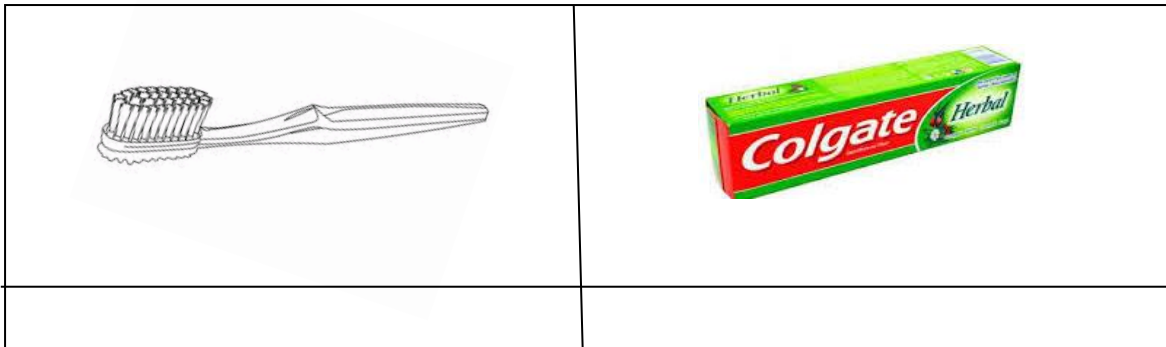

14) Name the playing material below.

SECTION B (6 MARKS)

15) How do people keep mosquitoes away from their homes?

16) Name these items used to clean our teeth.

17) How are these materials used in cleaning our classroom?

a) broom _____

b) rag _____

18) How is a nurse useful at school?

19) How do we care for these items?

a) shoes _____

b) plates _____

20) Give any **one** use of these people in a family.

a) Mother _____

b) Father _____

21) Why do we wash our hands after picking rubbish?

22) Which animal guards our homes?

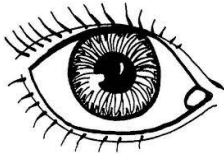

23) Name this item we use to protect ourselves in rainy
Weather.

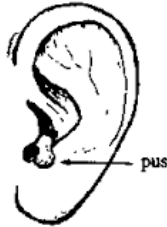

24) Match these items correctly:-

ear

mouth

nose

eye

25. Name any **two** items made from soil.

a) _____ b)

26) Write any **one** place where people get food.

27) Give any **one** way of caring for plants.

28) Circle any **two** activities you do after waking up.

brushing teeth, bathing, ironing clothes,

swimming, washing the face.

29) Identify **two** things we use to build houses.

a) _____

b) _____

30a) **Match animals to their movements correctly**

Baby slithers.

Dog leaps

Snake crawls

Frog runs

a) Baby _____

b) Dog _____

c) Snake _____

d) Frog _____

b) Draw a hen.

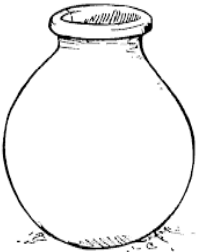

PAPER 14

SECTION A

1. Name any one product got from bees.

2. Write any one way of taking care of your body.

3. How useful is the item below to people?

4. Give any one use of water to people.

5. Identify any one way of preventing accidents at school.

6. Draw and name any one fruit.

7. How is the sun useful to people?

8. Why do we keep goats at home?

9. Write any one material used to make the item below.

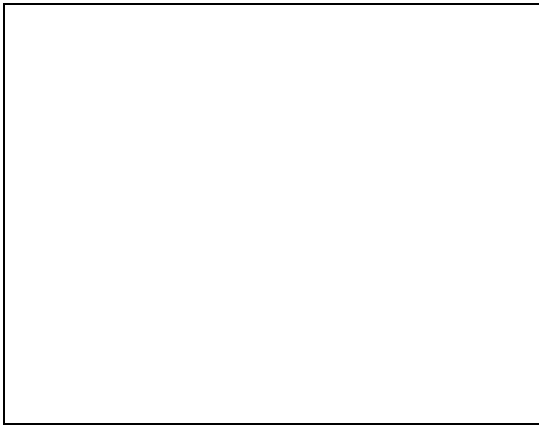

10. Why does a rat move from one place to another?

11. Draw and name any one play material made from banana fibre.

12. Give any one immunisable disease.

13. What does a cow use to protect itself?

14. Draw and name any one item used to clean the school compound.

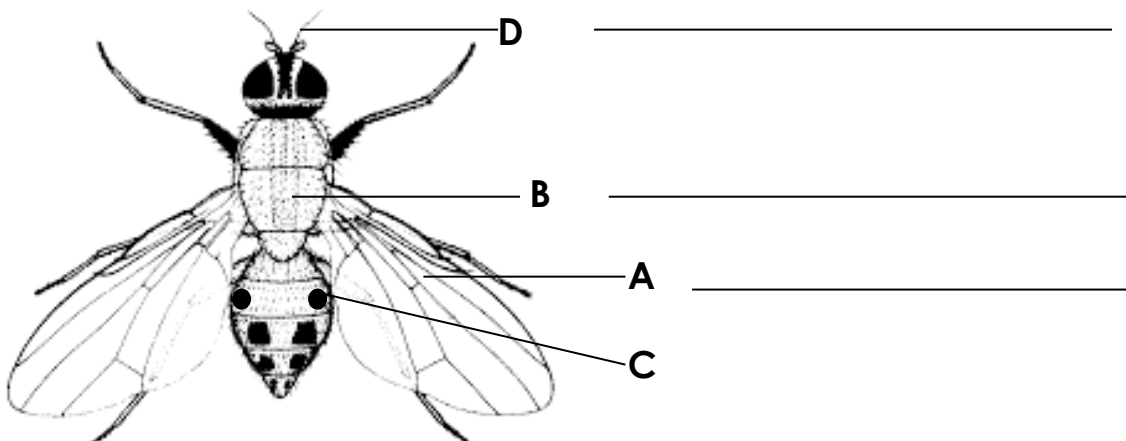

15. Name any one item used when eating food.
-

16. Draw the leaf of a plant.

SECTION B

17. a) Identify the parts of an insect marked A , B and D on the diagram below.

18. Name the home of a cow.

b) Give any one product got from cows.

c) Write one item made from hides and skins.

19. Draw these items used to give first aid.

r a z o r b l a d e	p l a s t e r	S c i s s o r s

20. Match the garden tools to their functions.

Hoe

cutting small trees

Wheel barrow

carrying harvested crops

Panga

watering crops

Watering can

digging

21. The diagram below show a tool at home.

a) Name part A and B.

A _____ B

22. a) Why do people eat food?

b) Name any one sources of food.

23. Which part of your body is used for

(a) Walking _____

(b) Writing _____

(c) Talking _____

(d) Smelling _____

24. Draw and name any three items used in the kitchen.

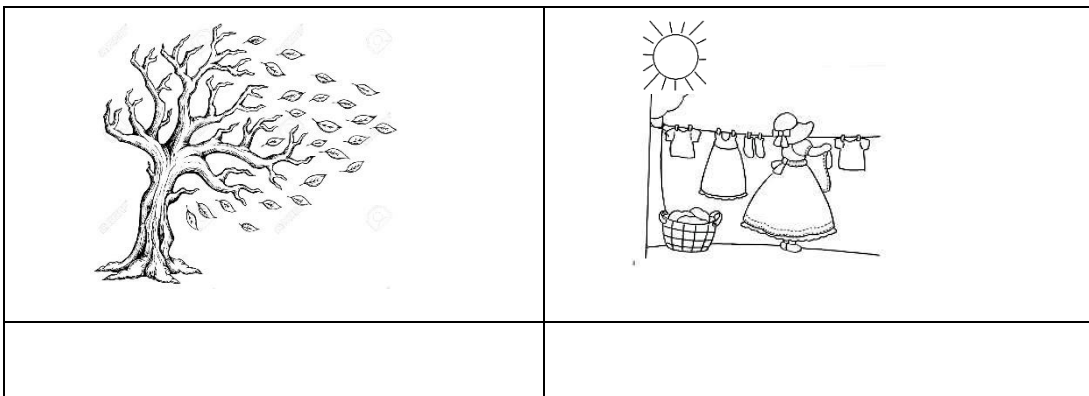

25. Name the young ones of these animals.

- a) Lion _____
- b) Cow _____
- c) Cat _____
- d) Goat _____

26. Name any two materials used to clean toilets.

- (i) _____
- (ii) _____

27. Name the types of weather below.

28. Write any two plants that give us fruits.

- (i) _____

PAPER 15

SECTION A:

1. Give one example of a sense organ.

2. Which part of the body is used for biting?

3. Name the garden tool used for transplanting young plants.

4. The general cleanliness of an area is called

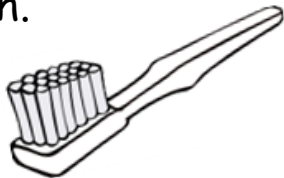

5. Name one place at your school or home we need to keep clean.

6. From what product is yoghurt made?

7. Give one example of a fruit.

8. What name is given to a young one of a sheep?

9. What name is given to the material below used to brush our teeth.

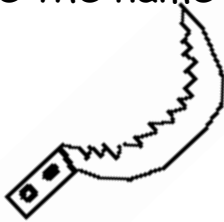

10. How does a fish moves?

11. What does a fish use for breathing?

12. What are aquatic animals?

13. Name the part of a bird used for eating.

14. Give the name of this garden tool.

15. How is the above tool useful to a farmer?

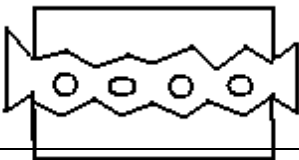

16. Mention one immunisable disease.

17. Give one characteristic of birds.

18. Identify one wild animal found in the bush.

19. Give one common accident at school.

20. What is the use of the material below?

21. Why do animals move from one place to another?

22. How do we call a young one of a frog?

23. Give any two examples of plants that give us food?

i) _____ ii) _____

24. Give one reason why people eat food.

25. Give any two uses of plants.

i) _____

ii) _____

26. Name one insect people eat.

27. Which organ does an insect breath through?

28. What is accident?

29. Identify one element of weather.

30. Name one material found in the first aid box.

31. Name the element of weather that moves things.

32. What is the main source of water?

33. Identify one use of water.

34. What animal provides ivory to people?

35. What animal uses horns for protection?

36. Where is the polio vaccine given?

37. Name one disease attacked by animals.

38. Which part of the body is used for talking?

39. Draw and name one dangerous material that cause accidents.

40. Give the name of the place where dentists work.

SECTION B:

41. Identify two sources of water.

i) _____ ii) _____

42. Give the uses of the garden tools below.

a) trowel -

b) rake -
